

**Youri van Elsland**  
Denmark, Copenhagen

**Personal statement**

AI-native ex-consultant transitioning from advisory to execution. 4 years at Implement delivering €10M+ EBIT impact, now learning & building with tools like Cursor and Claude Code. I combine analytical depth with strong relationship-building skills. Fluent in English and Dutch, I am driven to make a meaningful impact and to see the results of my work in people and performance.

---

**Professional Experience**

**Management Consultant**, October 2021 – June 2025  
Implement Consulting Group, Denmark, Copenhagen

Broad and international experience from SE, DK, NO, IRE, US, JP, GE, PT. Selection of projects:

- PM-ed an 2-year cost-reduction program with cross functional teams (product, operations, finance) that resulted in ~10mEUR EBIT impact.
- PM-ed a 10-week due diligence where we identified ~40mEUR in EBIT improvement.
- Build a strategic prioritisation framework, directly engaging senior stakeholders to optimise portfolio value and execution efficiency.
- Build Playing-To-Win strategy for a Healthtech startup. It included clarification of USP, financial model with churn/CAC/growth projections, process to test critical assumptions.

**Associate**, September 2019 – August 2020  
Jumpstart Media, Hong Kong

- Supported bespoke accelerator programs, expanded distribution locations and collaborated closely with local and international stakeholders.
- Organised high-profile tech conferences, managing stakeholder relations, supported by government institutions.
